Basic data for heat exchangers

Please notice data if available

Company:.....
Contact person: .....
Adress: .....
Phone, fax: .....

eMail: .....

Purpose of application: .....
.....
.....

Hot side

Medium: .....
Impurities: .....
Mass flow: ..... kg/h
Volume flow: ..... Nm³/h
max. working pressure: ..... bar
Possible pressure drop: ..... mbar
Inlet temperature: min.: ..... max.: ..... °C
Outlet temperature: min.: ..... max.: ..... °C

Cold side

Medium: .....
Impurities: .....
Massflow: ..... kg/h
Volume flow: ..... Nm³/h
max. working pressure: ..... bar
Possible pressure drop: ..... mbar
Inlet temperature: min.: ..... max.: ..... °C
Outlet temperature: min.: ..... max.: ..... °C

Further conditions

Required heat transmission: ..... kW
max. dimensions length: ..... mm
width: ..... mm
height: ..... mm
max. weight: ..... kg
Required connections: .....
.....
Additional remarks: .....
.....
